

Parent Forum Agenda: 27 June 2022

This term we would like to gain your views as the culture team at Westlands continue to develop the (targeted) provision of educational visits and extracurricular provision. As part of this process we will discuss our analysis and tracking of the provision and uptake of clubs, visits and activities by year group and begin to plan activities for the year ahead taking into account parental feedback and ideas for development.

Our meeting will start at 4.00pm and with the relaxing of the covid restrictions, we would like to welcome you into school and perhaps share an informal discussion within the Library. Building permitting, we may also be able to take the opportunity to take a tour of the new building.
